

BLenheim PALACE FLOWER SHOW

INSECT TRAIL

23 – 25 June 2023

DESIGN BRIEF

New for 2023 we are inviting applications from florists, flower arrangers, floristry students and artists to design, build and create a large scale insect made from natural materials and flowers. The designer needs to think big as they will need to sit in ground space 2m by 2m and will be situated around the showground.

These insect installations will create a creative trail around the showground and the show visitors will be able to choose their favourite insect and the exhibitor will be awarded a special **People's Choice Award**. Please note there will only be 10 installations at the show.

It is important to note, your installation must be weather proof and freestanding with all construction details connected with health and safety approved prior to the show.

A rough sketch of the insect must be submitted and approved by the Show Manager and any changes made during the preparation should be updated with the Show Manager.

INSTALLATION INFORMATION

Key Dates

Application Closing Date	Thursday 1 June 2023
Exhibitor set up and staging	Thursday 22 June 12 Noon – 7pm
Show Days	Friday 23, Saturday 24, Sunday 25 June 10am – 5pm
